The President's Corner

So here we are coming to the summer season, we should be seeing members leaving to go back up North. Unfortunately, this season is different, with the onset of the Coronavirus, which has effected us all.

During the next few months we all need to band together to get our nation through this most difficult time. It's up to all of us to slow the spread of this virus. To do this we all must practice social distancing and avoid social gatherings. Stay-up-to-date on the current information. So far Parks has allowed us to remain open as long as we practice social distancing. We are privileged to be able to continue flying with the onset of so many businesses closing their doors, so let's make sure we all stay safe.

As you know we were supposed to be having our parking lot paved this Spring. In light of the current situation, paving has been put on hold until after the crisis. On a lighter note, I'm sure you all are aware that I have been working very hard to solidify my relationship with the Secret Service and the FAA. And because of this we are now getting more waivers then before, including getting two waivers without having a fund raiser(which is huge.) I foresee us getting even more waivers in the future.

We have seen a lot of changes over the past few years, and I think we have one of the best clubs in the country. I have seen more members volunteering during our events, which makes me really proud.

We are getting a lot of members inquiring about the new container, but due to the coronavirus, the delivery has been delayed. But we have Chris Lavin and several members who have donated over \$2700.00 to thank for it. We also have a new member who has agreed to overhaul our much needed press box.

Again I would like to impress on all the members the importance of safety, remember we are all safety monitors, so if you see someone flying unsafe please do not hesitate to say something.

Airspeed, altitude and luck; you need at least two of these !

OFFICERS & DIRECTORS - REPORTING IN !

To all PBRCA members:

Please take notice that effective immediately, the Parks Department will be strictly enforcing social distancing practices. Anyone who is unable to practice social distancing by staying six feet apart, MUST wear a mask. This includes ALL areas of our field; under the canopies on the west side, at the flight line, and most importantly, at the picnic tables.

There will be patrols throughout the park and if people are found not to be in compliance with this order, THEY WILL CLOSE THE FIELD.

Please do not be the person who causes this to happen.

It could not be more simple; either stay six (6) feet apart or wear a mask.

**Thank you,
The Board of Directors**

A Message From the Vice President:

Chris Lavin - Treasurer

For information regarding the treasury report please contact our Treasurer, Chris Lavin; e-mail: chrispbrca@gmail.com

OFFICERS & DIRECTORS - REPORTING IN !

A Message From the Secretary/Membership Desk:

The park is open and folks are back flying again. It's a wonderful thing to get out and get some fresh air. But please remember, either wear a mask or stay six feet apart while at the field. It won't necessarily protect you, but it will protect the member who has heart issues, or the member battling cancer, or the member with diabetes or any other underlying health issues that you may not be aware of. Be kind please.

Just a reminder to everyone that your club membership expires at the same time as your AMA card does. When you renew your AMA card, please take a moment and support the club by renewing your PBRCA membership. It's a snap to do it online.

Stay safe everyone, and most importantly, stay healthy.

Ellen Hoffman

Secretary and Membership Chair

A Message From the Chief Safety Officer:

I have just four things to say:

**KEEP YOUR DISTANCE,
WEAR YOUR MASK,
BE SAFE,
AND DO THE RIGHT THING**

As always, fly safe.

Joe Serino - aka 'Long Island Joe'
Chief Safety Officer

EXPIRING FAA REGISTRATION?

If your FAA Registration is expiring on or before December 31, 2020, you can go online and renew your registration. Registration renewal is \$5.00 for three (3) years and **EVERYONE** that flies Radio Control Aircraft (drones, planes, helicopters, etc.) that weigh over 1/2 pound (0.55) must register with the FAA.

You can register or re-new your registration here:

https://www.faa.gov/uas/recreational_fliers/

This Registration is for 'Recreational Flyers'

IMPORTANT CLUB NEWS

The Club Membership/Renewal application is available in this newsletter (on page 20, 21); in the 'Press Box' (at the field) and online, at our website. New members and renewals must complete (and sign) the 2 page application with your payment.

Also, you can check our website for the Membership Application & Pay Online!

Club E-mail Notifications

You should be receiving e-mail notifications for the monthly general membership meetings and semi-annual newsletter publication. If you are not receiving our e-mails, please let Ellen know (e-mail: ellenhpbrca@gmail.com) your e-mail address and we will update our records. If you want your name & phone number removed from our website list, also contact Ellen at: ellenhpbrca@gmail.com

Club e-mails will come from:

pbrcagroups@gmail.com

FAA sUAS REGISTRATION

All sUAS (small Unmanned Aircraft Systems - (0.55 lbs. up to 55 lbs.) pilots must register with the FAA. For more information and registration online go to:

<http://www.faa.gov/uas/registration/>

Photo Corner

This photo was submitted by:
"brooklyn joe"

**Does anyone know the name of
this Military Aircraft ?**

FOR MORE INFORMATION SEE PAGE 17

SAFETY TIPS:

1. Please do not linger on the runway when picking up your airplane. It is important that you vacate the runway as quickly as possible as long as its safe to move your airplane.
2. Do not park your airplane on the main taxiway, as it makes it difficult for pilots to taxi out to the runway and to taxi back after landing. Many parked planes have been struck on the taxiway. Be smart, park elsewhere.
3. When crossing the runway, please make sure that you get acknowledgement from all active pilots (in the pilots' box) that it is OK to cross the runway. Do not walk diagonally across the runway; always cross perpendicular to the runway for safety.

**You must have a current, 2020
AMA Membership Card to fly at
Westervelt Field after January 1, 2020!**

SAFETY FIRST!

As the park gets more and more popular, we are going to see more and more patrols by the Sheriff's Department. The park speed limit is **25 mph and stop signs, mean STOP!** Do not risk an expensive ticket by becoming complacent. Also watch for 'flying saucers' (frisbees) ! Save your money for a new plane, battery, servo or radio.

Slow Down & Stay Safe!

HOT' - OFF THE NEWSWIRE

RECREATIONAL KNOWLEDGE AND SAFETY TEST UPDATE

The FAA announced on Monday, Dec. 9 that they have selected 12 organizations, including AMA, to make recommendations for the administration of the upcoming recreational knowledge and safety test. In September, AMA submitted a request for information (RFI) to show interest in becoming an administrator of the test. The knowledge and safety test is one of the eight statutory requirements found in the Exception for Limited Recreational Operations of Unmanned Aircraft to operate as a recreational flyer in the NAS. If you have questions, please contact us at (765) 287-1256 or amagov@modelaircraft.org.

FAQ:

Q: I have seen communications about an upcoming test. What is this?

A: Soon, all recreational flyers will have to pass the recreational knowledge and safety test. Completion of the test is one of the eight statutory requirements to operate under section 349, the exception for limited recreational operations of unmanned aircraft.

Q: When will the test become available?

A: There has not been a set release date for the test, but it will likely be rolled out in early 2020. We will continue to update our member communication platforms when new information becomes available.

Q: Who will have to take this test?

A: All recreational flyers will have to pass the test once it comes out. It is written into law and required of all recreational flyers to pass the test and maintain proof of passage. While we don't have plans to require the test for membership, we should keep in mind that the FAA could require testing for our members as a requirement for CBO recognition.

(continued next page)

Q: Will there be a fee associated with taking the knowledge and safety test?

A: If the AMA decides to administer the test, we plan to provide the test to our members at no additional cost.

Q: What will the test look like? I am nervous that I will not pass.

A: AMA has been working closely with the FAA through the entire testing process and we held a seat on the testing review board to help develop the questions. This helped steer the direction of the test and gave the perspective of a recreational flyer. We are being told that the test will be approximately 25 questions. If the tester misses a question, the test will bounce back to the question and have information for the tester to read and reselect an answer. The test will not be as extensive as a [part 107 test](#).

Q: I would like to study for the test. How can I go about doing so?

A: The plan is that AMA will begin with education and outreach around the knowledge and safety test requirement, followed by an interactive and flexible online or in-person testing platform that allows the test taker to learn. Lastly, we plan to provide proof of completion/passage via email and follow-up to retake the test as required by the FAA.

Q: Will the test be reoccurring, or will I only have to take it once?

A: Some details regarding the test are not clear yet, therefore, we are not sure if this will be a one-time-only test or will have to be retaken after a certain amount of years. AMA has proposed different solutions for members regarding a reoccurring test.

Q: Where will the test be administered, online-only or will it be written?

A: Currently, there is not a definite answer to where the test will be administered. AMA has asked that a written and an online test are available to the public to take. We want our clubs and members to have the opportunity to take a written test at a fixed location.

Q: What is the minimum age for the test? How are children going to be able to pass this test?

A: The test will be available for all ages, however, children under the age of 13 will need consent from their parent or guardian. AMA works to ensure the safety of all members including those under the age of 13.

Photo Corner

The **Beechcraft Model 18** (or "**Twin Beech**", as it is also known) is a 6- to 11-seat, twin-engined, low-wing, tailwheel light aircraft manufactured by the Beech Aircraft Corporation of Wichita, Kansas. Continuously produced from 1937 to Nov. 1969 (over 32 years, a world record at the time), over 9,000 were built, making it one of the world's most widely used light aircraft.

FAA REGISTRATION

Effective February 25, 2019, the FAA Interim Final Rule (Part 48) requires **ALL** unmanned radio controlled aircraft PILOTS flying unmanned aircraft weighing more than .55 pounds and up to 55 pounds (airplanes, helicopters, jet turbines, drones, quads, etc.) to register with the FAA and affix their assigned FAA Registration number to the '**EXTERIOR**' of **ALL** aircraft that they fly.

FAA Registration website:

<https://faadronezone.faa.gov/#/>

TIPS & TRICKS

AFFIXING YOUR FAA REGISTRATION NUMBER TO THE EXTERIOR OF YOUR AIRCRAFT

The FAA Temporary Interim Final Rule (Part 48) effective February 25, 2019 does not specify a size or location for affixing your FAA number to the outside of your RC Aircraft.

Custom 'water slide' decals: You can purchase water slide decal paper for your home printer and make custom water slide decals in any size, any color and any font that you want. They can be placed anywhere on the exterior surface of your aircraft.

Permanent Marker: You can purchase permanent markers in a variety of colors and write your FAA & AMA numbers on the exterior of the aircraft. Or write it on clear scotch tape, or packing tape and create a 'removable' label for when you sell the aircraft.

Masking Tape & Marker: You can purchase masking tape in different sizes (width) and create a removable label with a marker pen.

Vinyl Decals: You can purchase custom made press-on vinyl decals in a variety of colors, sizes and fonts (I know a 'guy' at the field) !

The FAA Registration number is registered to **YOU**, the pilot, and that registration number must be applied on the exterior of **ALL** of your aircraft.

You can apply the FAA registration number anywhere on the exterior of the aircraft, including the back of the propeller, underside of the wings or elevator, or below the elevator on the fuselage if you don't want it to be prominent.

Ps - If you have an FAA Part 107 license (Commercial RC pilots), you must register EACH aircraft separately and put the unique registration number assigned to that aircraft on only that aircraft.

Palm Beach Radio Control Association

You must have a current Academy of Model Aeronautics (AMA) membership (which provides you 2.5 million in insurance), to join the Palm Beach Radio Control Association.

MEMBERSHIP WAIVER

Palm Beach Radio Control Association (PBRCA) Complete this REQUIRED form ONLY if you are an adult ADULT (18 and Over). *If applicant is under 18 waiver must be completed and signed by parent or legal guardian.*

REQUEST, RELEASE AND WAIVER OF ALL CLAIMS AGREEMENT

I, PRINT FIRST & LAST NAME, hereby request that the Palm Beach Radio Control Association (PBRCA) allow me the privilege of flying radio controlled aircraft at Westervelt field. I have been informed of and I know the risks and dangers involved in the operation of radio controlled aircraft, and that unanticipated and unexpected dangers may arise during such activities and I assume all risks of injury to me and my property that may be sustained in connection with the stated activities, including, without limitation, the potential crash and loss of my aircraft and its on-board equipment and personal injury.

In consideration of the permission granted to me to participate in the stated activities, I do hereby, remise and discharge PBRCA, board members and volunteer flight instructors in the stated activities of and from all claims, loss, damages, demands, actions, and other causes of action of any sort, for injuries to person and/or property during or as a result of participating in any of the activities contemplated by this Agreement, whether such loss, damage, or injury results from the negligence of PBRCA, their officers, board members, volunteer flight instructors or from any other cause.

I represent and certify that I am over 18 years old, and that I am a member in good standing of the Academy of Model Aeronautics (AMA), or parent or legal guardian of minor applicant.

I HAVE READ, UNDERSTAND AND AGREE TO THE FOREGOING REQUEST,

IMPORTANT – Please Read: All applicants should be aware and understand that the activities involved in the flying of model airplanes and helicopters are not without some degree of hazard. Therefore it is the obligation of all members and guests to abide by AMA, PBRCA, and common sense safety guidelines to minimize these hazards and to assist the PBRCA Board in their attempt to provide a safe environment for all members and visitors. The PBRCA club, its Board of Directors, individually or collectively, will not be held liable for incidents involving injury or property damage, including, but not limited to, loss of aircraft. By submitting this membership application, you hereby acknowledge and accept these conditions.

APPLICATIONS WILL NOT BE PROCESSED UNLESS ALL REQUIRED FORMS, DOCUMENTS AND PAYMENT ARE SUBMITTED AND COMPLETED CORRECTLY.

SAFETY RULES: http://www.palmbeachrc.com/PBRCA_safety_rules_revH.pdf

I have read the updated PBRCA "Safety Rules" and agree to abide by all the safety rules, including those rules & restrictions posted by Palm Beach County.

AMA NEWSLETTERS

Did you know that your Academy of Model Aeronautics membership includes a wealth of information, and it is available for free, at the AMA website.

An area that may be of interest to you is the 'publications' tab on the main website page: www.modelaeronautics.org; and in particular, the '**Media Minute**' and '**Roto Report**' newsletters.

You can subscribe to any of the newsletters and get them delivered right to your e-mail inbox, as soon as they are published.

Media Minute is a new electronic newsletter that is designed to give you a quick look at stories you might have missed from Model Aviation and other media channels.

Roto Report is an e-mail newsletter that is specifically focused on model helicopter and multirotor enthusiasts and features content from Model Aviation magazine, as well as AMA's other media outlets.
